K3 Pebblestone

Tailor-made software for the fashion industry

K3 Pebblestone is the leading all-in-one ERP solution for companies in the fashion industry, based on Microsoft Dynamics 365 Business Central.

- A proven fashion solution
- Fully integrated
- Tailored to fit your needs
- Best quality in execution
- Worldwide distribution

Brand owners, wholesalers, private label and CMT companies in apparel, footwear, sporting goods, corporate and promotional wear, and accessories can run their entire business through one fully integrated software solution.

K3 Pebblestone supports business processes by offering feature-rich pre-sales functionality including: planning, design, sourcing, purchasing, logistics, warehousing and financial administration.
# One fully integrated solution for

Owner

Cut, Make, Trim

Manufacturing

Sporting Goods

Styles, colour, size handling

- Easily create numerous styles in different colours and sizes
- Efficient handling of multiple product dimensions
- Quick Order Entry and editing via a fast and flexible matrix

Season management

- Control availability of items and variants over the different processes
- Check product statuses for different styles, colours and sizes across different processes
- Insights in original order quantities versus invoiced quantities
- Support for controlled delivery windows per season

Sales order management

- Optimal allocation of received stock over open orders, taking into account shortages and surpluses
- Automatically cancel or replace items when minimum quantities aren't met during the presales phase
PDM

- Comprehensive item management functionality to manage processes from concept to store
- Critical path management and overview
- Collection planning and budgets
- Full Product Data Management (wash & care, test results,measurements, BOM, calculations, tech pack)
- Fully integrated with business processes

Insight & control

- Real-time visibility into all processes, across all channels
- Centralised and accurate data
- Reduced complexity, increased efficiency

Agility & productivity

- Accessible from anywhere
- Shorter decision cycles, quicker response to change
- End-user satisfaction with a fit for purpose solution on a familiar interface

Fashion & apparel

- Pre-configured for fashion-specific business models, processes and tasks
- Includes functionality to handle product management and wholesale
- Flexible and scalable to drive future growth and expansion

Fuelled by industry expertise and the desire for excellence in execution, K3 strives to provide its customers with repeatable industry solutions that meet their needs and deliver measurable business benefits, all built using Microsoft technology.

Over 11,500 users in almost 750 companies in 40 countries

About K3

As a Microsoft Cloud for Retail launch partner, K3 champions but one ideal: to foster an ethical and socially responsible world driven by sustainable practices.

We have innovated retail technology for the last 30 years, but today, we simply aim to empower others to make greener choices – and that starts with our solutions.

K3 blends its own IP with third-party products to create platforms that are truly transformative and enable forward-thinking brands to unlock enduring value and trust from intelligent, agile and sustainable business practices.
With purpose and pace, K3 will permanently transform fashion, apparel and select retail markets into a model of good business, transparency and ethical sustainability.
