

Streamline tedious and error-prone shipping tasks by seamlessly integrating Dynamic Ship into your Dynamics NAV ERP system.

Shop floor employees will reduce manual entry errors by scanning packages directly into Dynamics NAV. You will realize money and time savings by working directly with multiple carriers.

### Benefits

- Savings in the warehouse from streamlined processes that provide information in real-time
- Detailed package management
- Enhanced accuracy in shipping fees based on actual package dimensions
- Carrier integration with over 100 carriers including UPS and FedEx
- Fully integrated with Insight Works Warehouse Insight
- Functionality at a price point SMBs can afford
- Simple NAV interface with scanning support

# Integrated Shipping

## Shipping does not get any easier

-  **Lower shipping costs**  
Real-time rates ensure proper carrier service selection and accurate customer billing. Dynamic Ship offers integration with all major domestic and international carriers including UPS, DHL, FedEx, USPS, Canada Post, Purolator and over 100 more!
-  **Package management**  
Insight Works Shipping Module enables any business with shipping needs to fully manage tasks within NAV such as automatically creating packing lists by package and order, label printing for packages and other tasks.
-  **Capture package level details**  
Capture serial numbers, lot numbers, and assembly component details at packing time and increase shipping accuracy by scanning items and comparing them to the sales order and picking document. Using USB scanners, NAVs easy-to-use interface scans barcodes to the pack and includes automatic edit functions.
-  **Accountability**  
Place an accurate value on each package in a shipment, report what items are in each box, inform customers what is in each package, and where the package is throughout the entire process.
-  **Handheld integration**  
Leverage NAV terminals to build and scan packages and generate labels and rates directly from carriers.
-  **Accurate. Credible. Reliable.**  
Dynamic Ship provides carrier service information and rates based on package weight, dimensions, and destination through direct connectivity to the carrier via the internet so you know the most current information prior to shipments.
-  **Simply click and choose**  
Quote freight rates while taking an order and automatically add freight costs to the order with configurable markup rules.
-  **Package tracking**  
Dynamic Ship provides real-time shipment updates across 100+ carriers. Own the customer experience with branded tracking pages, empower your business with intelligent delivery estimates and increase customer satisfaction with accurate shipping notifications.

## Over 100 carriers supported

# Integrated Shipping

Dynamic Ship enables you to easily package shipments and track the number of pieces and specific items.

Ship internationally with full customs clearing information.

Dynamic Ship supports shipping from Sales Orders, Transfer Orders, and Warehouse Shipments.

Automatically obtain specific shipping rate options based on the size and weight of your shipment.

Shipping labels are dynamically generated so all you need to do is print them.

## About Insight Works

Founded in 2008, Insight Works began as a collection of professionals with decades of combined experience developing and implementing productivity solutions. With a well rounded collective skill set, Insight Works has quickly become one of Canada's fastest growing companies by putting our customers' success above all else.

### Put Our Domain Expertise To Work For You

Insight Works has extensive experience developing productivity solutions for clients in the manufacturing and distribution industries. It's what we know and what we do well. Based on our experience and industry feedback, we have developed a collection of add-ons for Microsoft Dynamics NAV that promote operational efficiency from the shop floor to the boardroom.

### We've Been There

Because we've been on both sides of the implementation experience, we understand the unique needs of all users. At Insight Works, our "shop floor to the top floor" approach is what makes our employees and our products so responsive.

#### Gold Certified

We're proud to uphold the strict standards that the Microsoft Gold ERP Certification requires as it speaks to our ability to develop world-class products that make a positive impact for our clients.

Gold  
Microsoft Partner

#### Always Up To Date

As Microsoft NAV evolves, so do our products. You and your clients can be sure that you're working with up-to-the-minute tools that reflect the most current ERP technology.
